

- 1990 USFS letter recommending a particular seed mixture to Brohm to revegetate disturbed areas.
- Rock Fill Sediment Barrier information
- 1990 letter from SD DGF&P regarding the Notice of Intent for exploration
- Correspondence between Brohm and DWR 1988 slope/erosion,
- The Northern Miner Newspaper – various issues published in 1998
- Brohm telephone lists
- Drill hole data
- 1996 purchase order by Brohm

Folders:

- Gilt Edge Invoices – Bondar Clegg – 1996 Drill Assaying
- Gilt Edge Exploration Ruby Ridge Soil Assays – Bondar Clegg
- Gilt Edge Invoices – Bondar Clegg – 1996 Ruby Soil Assaying
- Gilt Edge Exploration - West Anchor Soil Assays – Bondar Clegg. 1996.
- Gilt Edge Invoices – Bondar Clegg – 1996 West Anchor Soil Assaying
- Contracts – Brohm and USFS 1987-88 information, quit claim deeds convey land from USFS to Commonwealth Mining Company
- Small Tract – Application for Land Transfer under Forest Service Small Tracts Act. 1987. correspondence between Brohm and USFS
- Title information regarding some of the claims, deeds, title insurance, and correspondence with a lawyer and Homestake Mining Co., court case b/w Brohm and the school district for unpaid property taxes
- Lists of mining claims and owners
- Contracts – Acquisition and Mining - Bailey Lode Claim – deed, title insurance, land transfer document
- Eilers – Correspondence b/w Brohm and the Eiler's family to quite the title of three mining claims. Deeds and escrow information is included.
- (GtE) Land Status: Indian Claims – information regarding Indian Claims in the Black Hills, Gilt Edge Project. March 1983.
- USFS Small Tracts Purchase – 1990 – claim data, coordinate data, claim maps, topo map, patent/mineral certificate information
- Various catalogs
- Index of Brohm files received from Brohm Mining Corp. 1995. Box #1.
- Claim information – list of claims and owners, relocation certificates for claims, and location certificates
- Contracts – Marcia Darland – mining lease information and deeds
- Mining claim maps near Bear Butte
- Mining lease letters

New Box #38

(From Original Box #37)

- 1994 Misc. – Mid-Continent lab results 1994
- Log Insert – Ruby SO₄, hydroseeding, daily monitoring. 1995.
- Pit/Wall – 1994 lab results from Mid-Continent Labs
- TSS Baseline – 1993 lab results from Mid-Continent Labs
- SBC-DMP – 1993 lab results from Mid-Continent Labs

- Pit – 1993 lab results from Mid-Continent Labs
- Spring and Seep Anchor – 1993 lab results from Mid-Continent Labs and maps
- Spring and Seep Hoodoo – 1993 lab results from Mid-Continent Labs and maps
- Spring and Seep Ruby – 1993 lab results from Mid-Continent Labs
- Bench Test – Treatment of SBC – Ruby – 1992-93 lab results from Mid-Continent Labs
- DMP Pump – groundwater wells and water levels, charts and data
- Spent Ore Solid Samples – 1993 lab results from Mid-Continent Labs and map
- Col A&B – Sulfide Test – 1992-93 lab results from Mid-Continent Labs
- Mid-Continent Correspondence 1993 (lab results)
- Pit - 1992 lab results from Mid-Continent Labs and notes
- Nuet Pond Solid Samples - 1992 lab results from Mid-Continent Labs
- Correspondence #5 Test Heap – 1992 letter from DENR to Brohm regarding Permit #439
- AMD Column Samples – 1992 lab results from Mid-Continent labs, letters from GeoChem and ENSR to Brohm
- Waste Calculations – notes and data
- Column Geology 1992 – internal Brohm communication regarding waste rock. Data.
- SBC – Pit, Samples to locate DMP seepage in SBC – 1992 lab results from Mid-Continent Labs
- SBC → BBC 1992 – handwritten notes, data, lab results from Mid-Continent – Letter from DENR regarding sludge on rocks near Bear Butte
- Geotextile Sediment Control – Hilfiker Welded Wire Walls information, 1990 Thermoguard Insulation Company information, Xcel erosion control blankets information, Spec International Inc. project list, HydroDynamics, Inc. information, Ecofibre – hydraulic mulching, Sauze Technical Products Corp. information, Mirafi: Miramat-erosion control mat, Erosion Control Blankets-North American Green, Permea-Tex and Northwest Linings and Geotextile Products.
- Thermoguard and American Excelsior Companies' folder – product information
- Misc. 1989 – Twin City Testing lab results for Brohm
- Double Rainbow / Golden Crest – 1990 lab results from Mid-Continent Labs for Brohm
- Misc. GW-AH, TP-1, DIS-1, EF-1, EF-2, Disc-2 – 1990 lab results from Mid-Continent and Twin City Labs for Brohm
- Misc. 1996 – lab results for Brohm from Mid-Continent Labs
- T.W. – 1992 lab results for Brohm from Mid-Continent Labs
- Rare Plants and Animals in South Dakota – 1985 publication
- Bitter Root – seed supplier
- Ruby Dump Remediation – information on lime
- H2O Treatment - IDI information, 1994 Scope of Work Water Treatment Plant Building prepared by Bruce Nelson Consulting Engineer for Brohm, 76 Unipure information
- Nursery – information regarding vegetation

- Reclamation Plots – Langley Area and Haul Road, vegetation, seeding and erosion control
- Reclamation Plan, March 1988 Gilt Edge – copy of the Amended Reclamation Plan – note on top for a \$1.25 million bond
- Reclamation General – handwritten notes and data, a copy of Title 74, South Dakota 1995 Mineral Summary, Brohm Mine Permit #462 Conditions and Technical Revisions
- WWL – Surface water data collection forms and notes, 1993 lab results from Mid-Continent Labs for Brohm
- SBC – Loading Evaluation – Strawberry Creek Loading Evaluation Plan prepared by Brohm for the EPA in 1993. Handwritten notes and drawings, lab results from Mid-Continent Labs, completed surface water data collection field notes
- / - Monthly Reports for 1988, 1989, 1990, 1991, 1992, 1993, 1994, 1995, and 1996 – pictures of Anchor Hill and Ruby Gulch, operational and environmental summaries, memos regarding monthly reports, and information regarding the wildlife monitoring program, field notes.
- Surface Waters 1987-88 – Lacana Gold Inc letter 1984 regarding water samples, surface water quality sampling reports via Brohm, letters from EnecoTech to Brohm regarding water samples collected and the data.
- Monitoring Daily's – Brohm – 1993 – letter from Chadwick and Associates to MinVen Gold Corp. regarding sampling locations and aquatic species, data.
- Monitoring Daily's – Brohm – 1994-1995 – collected data (i.e. precip, pH, and flow)

New Box #39

(From Original Box #49)

- Various information regarding the Stibnite Mine. Circa 1995
- Gilt Edge heap leach test
- Raw Drill hole file 11, Ore types – before and after load of redig'ed sections 1990, Medsystem print out of mine data.
- Feb 1990 Reserve – mine data
- 1990 reserve documents and internal Brohm correspondence
- 1989 reserve documents – letter from Bechtel, Inc. Expansion Project report by Tim Fox, faxes from Mintec
- 1988 Annual Report for MinVen Gold Corp

New Box #40

(From Original Box #48)

Folders:

- Anchor Hill Permit App – Land Listings – list of claims and owners
- Gilt Edge Drilling 1996 – assay information
- Bruce Davis – faxes from B. Davis to Brohm regarding Anchor Hill Model
- Anchor Hill Assays 1995 – Met Core – Bondar Clegg lab results
- 1995 – Exploration Program Maps / Geology – water monitoring
- Stibnite – information regarding the Stibnite mine
- 1995 Exploration Invoices – for Stibnite Mine
